

MICHAEL CHABASINSKI

SECURITY MANAGER | ISO 27001 ALIGNED

michael.chabainski@gmail.com | 083 148 5088 | Dublin, Ireland

PROFILE

Security management professional with over 12 years of experience in high-profile global corporate environments. Advancing from frontline security roles to management positions, I bring deep understanding of operational needs and team dynamics. Expert in access control systems (C•CURE 9000 and Victor) and skilled in leading end-to-end projects involving security system installations, access controls, and surveillance cameras. Proficient in incident management and vendor management, aligned with ISO 27001 security standards, ensuring swift and effective responses to security events and successful collaboration with service providers.

Professional Affiliations

- Member of the International Security Management Association (ISMA)
- Participant in EMEA Security Forums and Workshops
